Interaction is the key to a well balanced pet. Day camp provides a wonderful alternative for the busy pet owner to leaving their pet alone all day. In day camp dogs are exposed to a variety of activities providing plenty of exercise and most important of all receive personal attention from the camp staff.

Friendly Grove Day camp has both a large indoor play room with an attached outdoor exercise area and a separate Petite Daycamp room for our tweeny friends. Campers can be rotated for a change of scenery and greater chance to socialize. By the end of the day both you and your pet can return home fulfilled.

Our daycamp is small enough for personal attention but big enough to be tons of fun! We have several day care options from Scheduled Play Groups to Private Day Care.

We have 3 separate areas for daycare; one for small dogs, one for
