The Pet Portfolio: A Pet Savvy Pet Owner - 4 hour

The Pet Savvy Pet Owner class includes the Snout to Tail Assessment class, The Savvy Pet Owner Class and we will complete a A Pet Portfolio on your pet:

- Skill: Snout to Tail Assessment. A deliberate and systematic assessment from the snout to the tail of the pet with intent and purpose looking for any injuries the pet does not present to you or for wellness to create a base-line of your client's health or personal dog's health.

- Skill: How to take and record your pet's vitals.

- Benefit: In the event of an after-hours emergency, your regular veterinarian office may be closed and an ER Veterinarian will not have access to your pets health history. Having the ability to hand over health history, including past lab work and medication history, could not only save you money but vastly improve your pet's health.

- Materials List: A complete material list will be provided prior to class for students. Items such as 3 ring binder, dividers, etc. will be needed and not provided.

\$45 Per Student
