

Beauty and Wellness an Ideal Combination Our Spa services are a wonderful indulgence of pampering for your pet but more importantly we aim to rejuvenate and refresh your pet. The skin is the largest organ of your pet's body and yet traditionally it receives the least attention. Our pet's encounter the same hair and skin damage that our bodies do everyday. Their coats become dry and brittle, their skin dry and itchy. Our Spa services are designed to hydrate and restore your pet's coat to a healthy state.

Health and Beauty are our goals. Our Salon services will provide your pet with a beautiful sculptured hair cut and our Spa services are devoted to enhancing overall well being through a variety of natural products designed to rejuvenate and nourish the coat and skin.

To Cleanse & Rejuvenate Body Treatments

All Over Body Treatments are focused on providing hydration while detoxing.

- Mud Treatments** - Our Mud treatments detox the undesirables while nourishing with vital nutrients and hydrating with essential omega oils. A Mud Treatment begins with a warm hydro surge water massage, the mud is applied with a brush line by line all over, then massaged for 30 minutes then rinsed off with conditioner to lock in the nutrients. 4 Different Mud Treatments available depending on the needs of your pet, our salon technician can help you decide which treatment would be most beneficial.
