Our goal is to make your pet as comfortable as possible while visiting us, personal items from home are encouraged!

Personal diets

Personal diets from home are also welcome or we can provide feed. Our kitchen is stocked with a microwave, refrigerator and freezer to accommodate special diets/requests.

- Kibble Diets - Can be brought in a large zip lock bag for short stays or the original food bag is fine.
- Raw Diets - Please separate feedings into labeled plastic zip lock baggies or Tupperware dishes.
- Homemade Cooked Diets - For short stays a Tupperware dish which we can scoop daily feedings out of or long stays please separate weekly portions so we can freeze some to ensure freshness.

Treats

We are well stocked with doggie bones and biscuits. However, if your dog has a favorite nite time biscuit or daily favorite feel free to bring some ! Treats are labeled in ziplock baggies and hung on the entrance of your pets suite so we can be sure to give as directed. If your pet loves to chew feel free to bring a nice bone or two.

Bedding

We have raised hammock style beds, fleece blankies and radiant heated floors. A blankie from home or t-shirt worn by mom the day before, can really help your dog feel more comfortable. We do not offer laundry service and don't recommend huge overstuffed beds. You are welcome to bring your dogs crate from home and we can place it in their suite.

Toys

A favorite toy from home is a great idea! We have alot of community toys for your pet to share

but understand that some dogs don't like sharing. You are welcome to bring a private toy for your pet's suite and/or a toy for community play.

Considerations

As we said we believe personal items from are important and helpful. It is important for our dog parents to understand that we play outside rain or shine and bedding from home can get dirty, toys can be damaged or lost and some dogs love to take their clothes or collars off during playtime and damage could occur to items. We of course do our best to keep all the items you bring from home safe and clean but dogs will be dogs!
